DigiHealthDay™ Premeeting Workshop: Hacking DICOM Headers - How to create business insights from radiology images

June 22, Tuesday, 2021, 9:45-13:00 (CEST)

ABSTRACT

In the workshop participants will get a hands-on introduction to the DICOM standard and will be analyzing DICOM data from a business perspective. We will take a real-world dataset and apply basic python tools to process, analyze, and visualize data from a radiology department.
